- 3) Risk mitigation strategies will be reasonable and will reflect the reasonable standard of care in any circumstance (where standard of care is determined by written/published standards, industry practices, established case law precedent, and common sense).

Judo Canada acknowledges that risk management is a broad activity and a shared responsibility. All directors, officers, staff, and volunteers have an ongoing responsibility to take appropriate measures within their scope of authority and responsibility to identify, assess, manage and communicate risks to those that they report to, including but not limited to, the Risk Manager.

The Risk Management Policy is linked to the Judo Canada's Risk Registry. The Risk Registry is reviewed by the Board once a year formally and items are added to it as necessary and removed as they are treated.

The Board had determined the following tolerance levels for the organization based on a Board discussion that it wishes to review annually.

	Probable	Medium	Medium	High	Very High
	Possible	Low	Low	High	Very High
	Unlikely	Low	Low	Medium	High

PROCEDURES

Managing risks involves three steps:

- 1) **Identifying** potential risks using an informed, environmental scan approach. This occurs on an ongoing basis by staff, and at least once a year by the Board and senior staff;
- 2) **Assessing** the significance of a risk by considering its likelihood and consequences, and
- 3) Developing and implementing **treatment** measures to address those risks deemed significant by reducing likelihood, consequences, or both.

RISK MANAGEMENT POLICY

Judo Canada commits to the following:

- 1) Risks are identified by staff on an ongoing basis. All low to medium risks are managed by the CEO and captured within program documents. These risks are not normally identified within the Judo Canada risk registry.
- 2) Risks that arise and considered to be high to very high are treated as follows:
 - a) If a High Risk is identified by staff, the CEO will communicate to the President of Judo Canada within 48 hours of the risk being identified. The CEO and the President will take all reasonable measures to manage the risk including, but not limited to, seeking the advice from other Board members, consulting external experts, etc. Once the President and the CEO feel that the risk has been managed or is in the process of being resolved, the Board will be advised using the most appropriate communications, which depending on the nature of the risk, may include an issue document, sharing at the next meeting, or calling a separate Board meeting to keep the Board informed.
 - b) If a Very High risk has been identified, the CEO will make all reasonable efforts to immediately contact the President of Judo Canada. The President and the CEO will determine the most appropriate action and will attempt to organize a Board meeting within 48 hours of the risk arising. It is understood that factors may arise that prevent this from happening including time zone, availability of directors, the nature of the risk, etc. The CEO and the President will make all reasonable efforts to manage the risk as it occurs, taking the necessary measures including, but not limited to, seeking the advice from internal partners and external experts.

All risks faced by Judo Canada can be addressed by one or more of the following four general strategies:

- Retain the risk – no further action is taken because the possibility and consequence of the risk is low. It may also be that the risk is inherent in the activity itself and thus can be accepted in its present form.
- Reduce the risk – steps are taken to reduce the possibility of the risk, and/or its potential consequences, through efforts such as improved planning, policies, delivery, supervision, monitoring or education.
- Transfer the risk – accept the level of risk but transfer some or all of it to others through the use of insurance, waiver of liability agreements or other business contracts.
- Avoid the risk – eliminate the risk by avoiding the activity giving rise to the risk – in other words, simply decide NOT to do something, or to eliminate some activity or initiative.

The above general strategies translate into a variety of risk control measures, which for Judo Canada may include (but are not limited to):

- Development or updating of policies, procedures, standards and rules;
- Effective communication;
- Education, instruction, professional development and specialized training;
- Ensuring a core set of organizational values have been identified, defined and communicated throughout Judo Canada;

RISK MANAGEMENT POLICY

- Adherence to minimum, mandatory qualifications and/or certifications for key staff and leaders;
- Use of robust and legally sound contracts (i.e. code of conduct, employment agreements, contractor agreements, partnership agreements);
- Clarify roles and responsibilities through use of written position descriptions and committee terms of reference;
- Supervision and monitoring of staff, volunteers, participants and activities;
- Establishing and communicating procedures to handle concerns, complaints and disputes;
- Implement schedules for regular reviews, maintenance, repair and replacement of equipment;
- Preparing procedures and protocols for emergency response and crisis management;
- Use of warnings, signage, participation agreements and waiver of liability agreements where warranted;
- Purchasing appropriate insurance coverage for all activities and reviewing regularly.

REPORTING AND ONGOING MONITORING

To ensure that risk management remains a high priority within Judo Canada, and to promote an organizational culture that embraces a risk management perspective, risk management will be a standing item on the agenda of every regular Board meeting, so that the CEO and Board members can provide updates as required. Lessons can be learned even from risks that do not materialize, risks averted and “near misses”.

Judo Canada recognizes that communication is an essential part of risk management. This Policy and our Risk Management Process will be communicated to staff, Board of Directors, committees and volunteers and we will encourage all members to communicate to Judo Canada their risk management issues and concerns. Specifically, the following steps will be taken to ensure a risk aware culture is being fostered:

- Staff reviews Judo Canada’s risk registry on a quarterly basis or as a risk arises;
- Staff provide updates on matters of risk to the Board at every Board meeting (standing item on the Board agenda);
- If changes or additional updates to the Risk Management Policy are needed during the year, Staff will bring forward to the Board for discussion and approval;
- The Board annually reviews and updates the Risk Registry and the Risk Management Policy to determine if any additional high to very high-level risks need to be added and to confirm the organization’s risk tolerance profile;

INSURANCE

JUDO CANADA shall collect, use and disclose the least sensitive personal information reasonably

RISK MANAGEMENT POLICY

Judo Canada maintains a comprehensive insurance program that provides General Liability, Accident and Directors and Officers Errors and Omissions coverage to the directors, officers, staff, members, volunteers and sponsors of Judo Canada. Upon the annual renewal of this policy, Judo Canada consults with the insurance provider to determine if there are any emerging gaps, issues or deficiencies to be addressed through insurance renewal. Not all risks are insurable. However, as part of its commitment to risk management, Judo Canada will take all reasonable steps to ensure that insurance coverage is available for those activities essential to the mission of Judo Canada.
